R&D CENTER

Waterproof (IP 67)

Use it on land and underwater with ease. Fully waterproof to meet the IP67 rating.

360° Detection Tip

Enables you to locate your target quickly and easily in the hole. Flip it horizontally to scan a larger area.

Sensitivity Control

The +/- buttons adjust the sensitivity to achieve the ultimate performance in any environment and offer improved detection of nuggets and other small targets.

LED Light

Easily see your target at night or when hunting in dark places. The powerful, built-in, LED flashlight illuminates the spot you are searching.

Audio Alert

3 different target alert options:

1. Audio Only
2. Vibration Only
3. Both Audio and Vibration

Vibration

Lost Alarm & Auto Shut-Off

After 5 minutes of inactivity, the pinpointer emits an audible alarm and LED starts flashing. After 5 minutes of alarm, the device shuts off automatically to save battery life.

Coil Interference Blocking

When it is off, the coil's magnetic transmission is disconnected. This eliminates the possibility of interference from other metal detectors and prevents the Nokta Pointer from being detected as a target.

Replaceable Hard-Shell Case

Nokta Pointer comes with two hard-shell protection cases to prevent wear of the detection tip. One of them also includes a built-in scraping blade.

TECHNICAL SPECIFICATIONS

WORKING FREQUENCY

18.2 kHz

METAL DETECTION

Audio and / or Vibration Alert

SENSITIVITY

User adjustable

COIL INTERFERENCE BLOCKING

Yes

DIMENSIONS

24 x 4.8 x 4.8 cm (9.4" x 1.9" x 1.9")
including the hard-shell digger case
Detection Tip: 9.3 cm (3.7")

WEIGHT

235 gr (8.3 oz)
including the battery & hard-shell case

WORKING TEMPERATURE

-20°C / +50°C (-4°F / +122°F)

BATTERY

9V Alkaline Battery

BATTERY LIFE

Up to 30 Hours
