

DEUS

TAKE YOUR METAL DETECTING
TO THE NEXT LEVEL

- FAST AND DEEP
- FULLY WIRELESS
- MULTIPLE SEARCH MODES FOR ALL TERRAIN
- LIGHTWEIGHT AND ERGONOMIC
- BUILT TO LAST

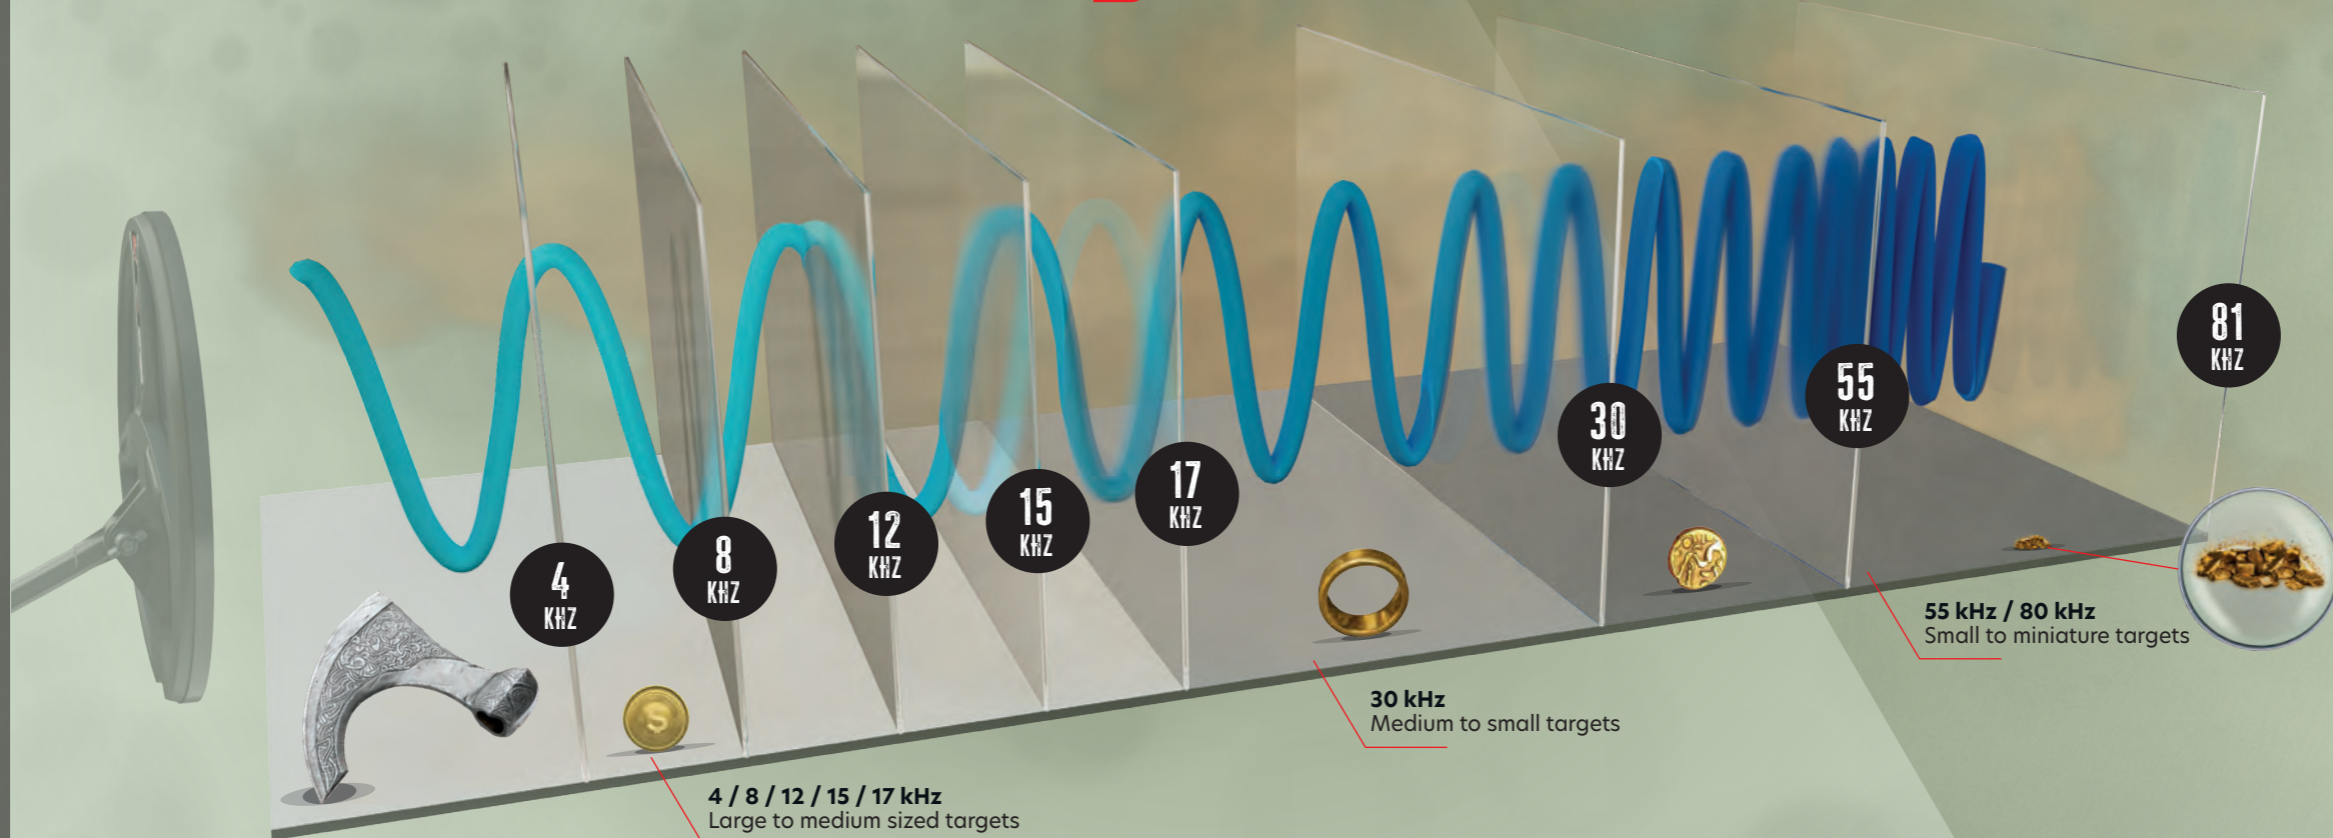

XP[®]
XP METAL
DETECTORS

10 TIMES FASTER
THAN LOW LATENCY
BLUETOOTH

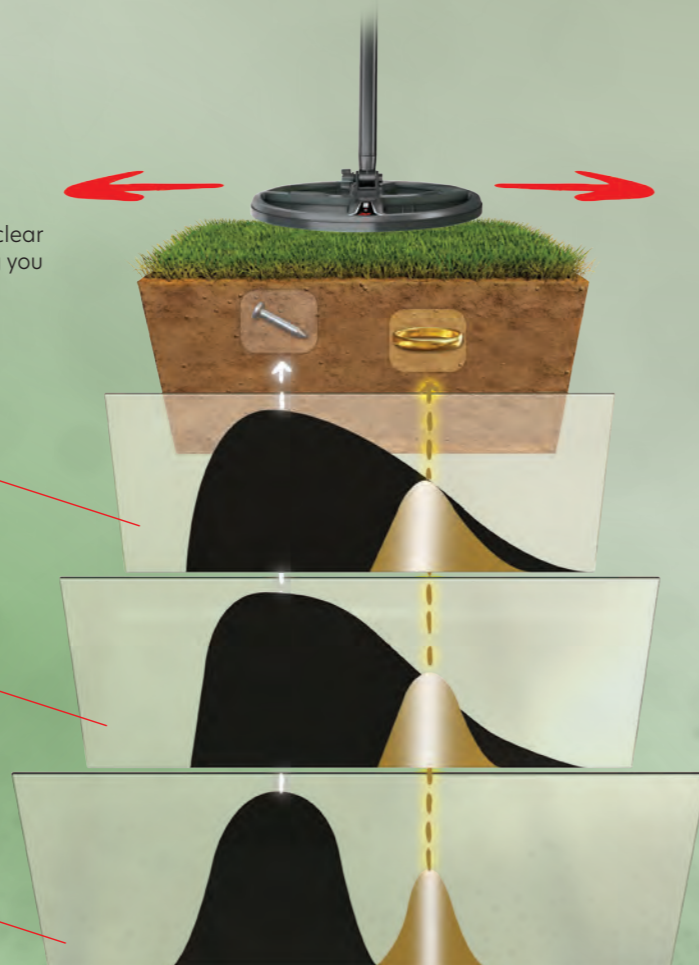

XP DEUS NEVER MISSES A TARGET

With many frequencies to choose from, ranging from 3.7 to 81 kHz, you can fine tune your detector to find a variety of targets at different depths. Whether you're searching for large, deep treasures or smaller, shallow items, the XP DEUS has the perfect frequency to suit your needs.

REACTIVITY

It's lightning-fast reactivity gives you clear information about your target, helping you to make the right decision, every time.

REMOTE CONTROL

- Versatility
- Performance
- 18 programs including 10 factory programs and 8 customisable user programs

- Battery level of coil and remote control
- Target conductivity, from 0 to 99
- Choose your own display Horseshoe or XY screen, ...
- Frequency used
- Access to MENU DISCRI - SENS - FREQ ...
- ON/OFF Access to menu OPTION Configuration / Programs / Coils / Pinpointer XP
- Decrease values - Change program
- Target conductivity
- The ground mineralisation index (phase measured constantly for information)
- Mineralisation strength
- The actual level of ground effect corrections (phase adjustment underway)
- Access to G.B. (Ground Balance) Manual / Pumping / Beach / Tracking
- Increase values Change program
- Non-motion mode (Pinpoint) - Ground Grab prog. 10

ACCESSORIES

WS AUDIO headphones

WS4 headphones

WS5 Headphones

HF Coils
15 - 30 - 50 or 80 kHz + shifts

X35 Coils
4 - 8 - 12 - 18 - 25 kHz + shifts

Pinpointer MI-6 connected

GO TERRAIN

ALL TERRAIN ALL CONDITIONS
Its versatility and adaptability make it an indispensable tool, whether you're eXPloring the depths of a forest or combing the shores of a beach

18 PROGRAMS
With its 18 programs, the DEUS is incredibly versatile and can adapt to any type of soil. 10 factory programs + 8 custom.

FROM 750G - (1.7 lbs)
Experience the world's lightest high-end metal detector. Detect for longer periods of time with ease, without sacrificing performance.

5 COMPATIBLE COILS

35 FREQUENCIES

FREE XP UPGRADE

5 YEAR WARRANTY

FEATURES/SETTINGS

Frequency options	4 - 8 - 12 - 18 - 25 kHz + shifts (X35 coils) 15 - 30 - 50 or 80 kHz + shifts (depending HF coils)
Sensitivity	99 levels
Transmitter Power	3 levels (X35 coils)
Reactivity	6 levels
Sound Curve	8 levels
Iron Volume	6 levels
Multi Tones	1, 2, 3, 4, 5, Pitch and Full Tones + EXPERT
Ground balance	Tracking, Pumping, Manual, Wet beach
Multi-Notch	Yes, with adjustable window width
Modes	Motion/None Motion
Non motion Pinpoint	Yes, audio and visual
Discrimination	Audio and visual
Iron discrimination range	164 levels
Non-iron discrimination range	90 levels
Factory programmes	x10 + 8 customisable programs

GENERAL FEATURES

Audio volume	Yes on wireless headphones
Display screen	8192 pixels
Backlighting	Yes, very low power consumption
Software updates	Yes, via USB
Wireless headphones	3 models WS4 - WS5 - WSAudio, weatherproof
Coil / Coil cover	DD - 6 meters - 20 feet Waterproof - Wireless
Belt-mounted remote control case	Yes
Headphone storage case	Yes
Stem	Fully telescopic, S-shaped
Batteries	Lithium ion polymer
Remote control battery life	19 hours
Wireless headphones battery life	22 hours
Coil battery life	15 hours on average depending frequency
Charging time	Coil: 2h15 , Headphones/Remote control: 3h00
Total weight with batteries	975g (875g without remote control)
Total weight of stem	455 g
Weight of remote control with battery	100 g
Weight of headphones with battery	86 g (WS4), 255 g (WS5)
Weight of coil	345 g with coil cover
Length of folded stem	58 cm
Length of deployed stem	130 cm
Waterproof coil	Yes, but needs the optional antenna to use with the coil submerged
Warranty	5 year parts and labour. Batteries, chargers & connectors have a 2 year warranty.

LONGTIME® LONGIVITY LABEL

Concerned about our planet and fighting against planned obsolescence, XP Metal Detectors have obtained the Long Time label. The first European label identifying and promoting products that are designed to last. XP Metal Detectors guarantee their metal detectors for 5 years and offer repairs and spare parts for a minimum of 10 years. DEUSII®, DEUS®, FMF® ORX®, WS6 Master have all obtained the label certification. Visit www.xpmetaldetectors.com/en/page/who-we-are.php to learn more.

Visit www.xpmetaldetectors.com for more information, download the user guide for tips and technical information. Many more accessories are available. Visit an XP dealer or the XP website to see the full range and understand all the pack you can order. DEUSII®, DEUS®, FMF® ORX®, are trademarks of XP Metal Detectors. The visuals and graphics provided are solely intended for demonstrative purposes, and the actual product may differ from the depicted configurations.
